

CEILING

Bubble

The bubble is a family of 3D acoustic tiles with a hemispherical design for walls and ceilings. For the ceiling, one can use either convex or concave tile. The wall has three options: convex, light, or plant tile. The bubble tiles can be combined with flat tiles to create many different wall design possibilities. The tiles come in various shades from our updated color palette and can be painted in any desired shade.

THICKNESS

9 mm

SIZE

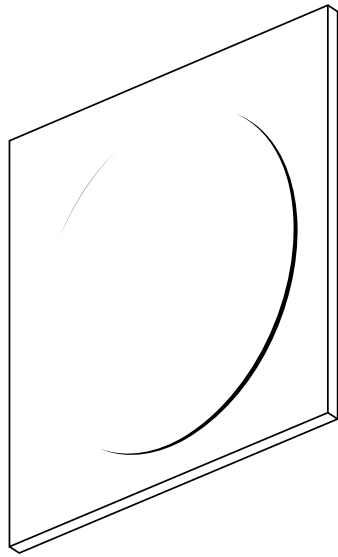

600x600 mm / 595x595 mm

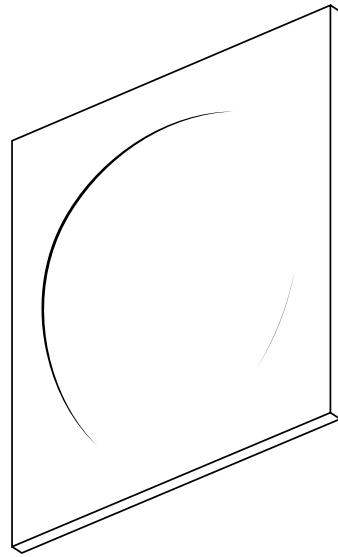

Specifications	3
Models	4
Isometry	5
Color Palette	6
Wood Collection	8
Installation - Method 1	10
Installation - Method 2	12

Manufactured From	Panels
Composition	100% Polyester (PET)
Sustainability	70% Recycled drinking bottles
Application	Wall covering
Fire Rating	EN13501-1 B S-1 d0
Size	600×600 mm / 595×595 mm
Thickness	9 mm (tolerance ±7%)
Installation	Varies
Acoustic	aw = 0.55
VOC	According to EN ISO 16000-9 Standard: A+
Pattern Repeat	Non-woven with a consistent pattern repeat. Despite slight variations due to fiber blending and lay-up, inherent to the product, it maintains uniformity in design, offering a unique yet coherent aesthetic.
Color Fading	Assessment of color fastness according to EN 1587 Assessed against the grey scale ISO-A02.
Care	Can be simply clean using a damp cloth and vacuum cleaner.

PREPARATIONS - METHOD 1

Make sure that the ceiling on which you are installing the Bubble is leveled or distanced equally, and prepare construction silicon.

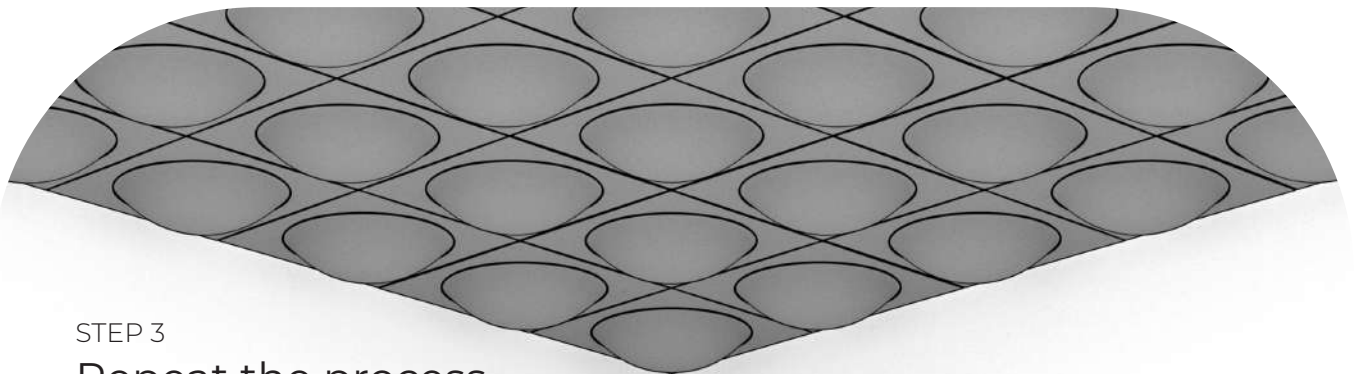

STEP 1

Apply a strip of silicon to the back of the Bubble tile.

**STEP 2**

Glue each tile while one stud is at the center of the tile and the two on each edge.

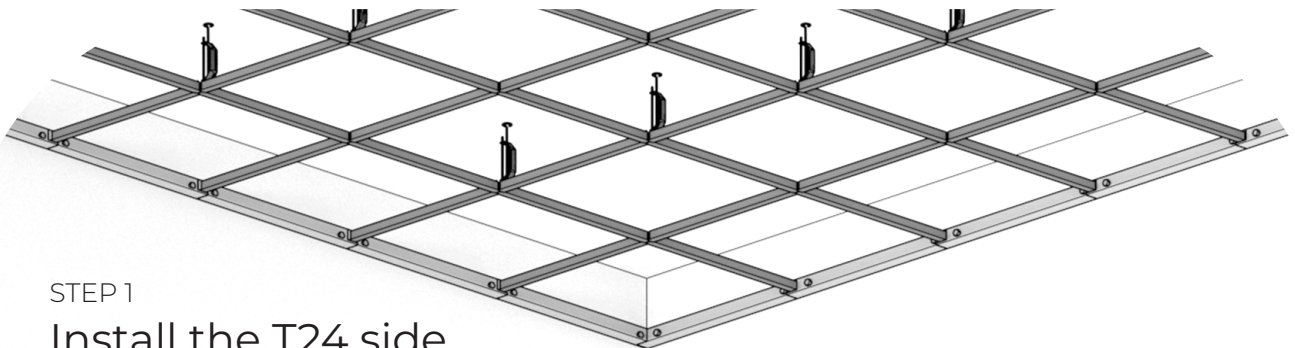

**STEP 3**

Repeat the process for the entire ceiling.

PREPARATIONS - METHOD 2

Make sure that the ceiling on which you are installing the Bubble is leveled or distanced equally, and prepare construction silicon.

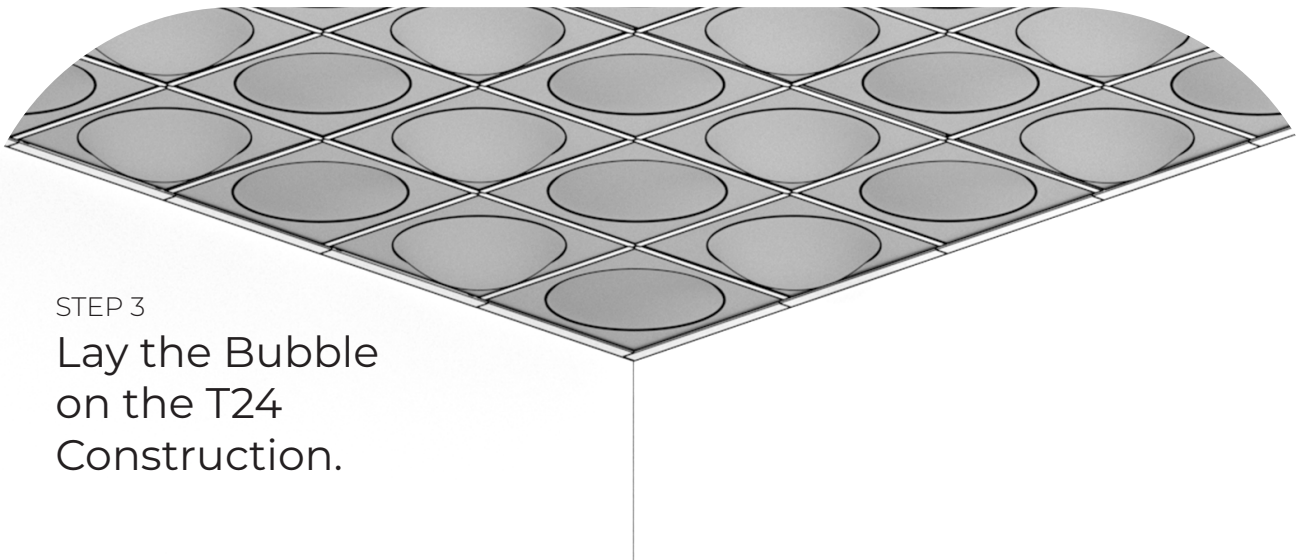

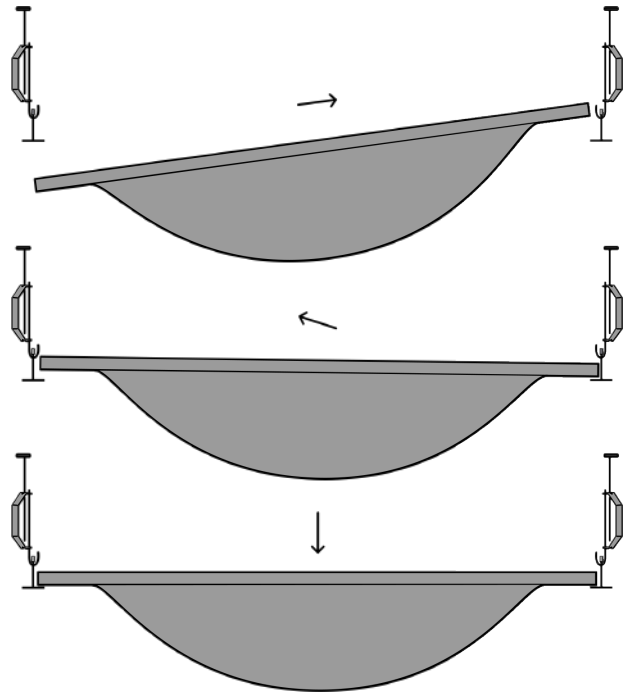

STEP 1

Install the T24 side profiles between the mains, keeping 60 cm from the main wall and each other.

STEP 2
Insert the Bubbles
into the T24
construction the
following way.

STEP 3
Lay the Bubble
on the T24
Construction.
